

Nurture for Today | Learning for Tomorrow | Character for Eternity

FROM OUR PRINCIPAL

Mr Dale Skinner

Dear Carlisle Family,

I would like to thank every one of you for such a great and successful term 2. To say that it has been a busy term would be an understatement. What I will say is that as a collective staff at Carlisle we have loved watching your children thrive throughout everything this term has offered.

This term has seen our students engage, develop skills, and connect with community inside and outside of the classroom. Whether it was school camp, the athletics carnival, or any of our other events, it has been great seeing students challenged in a safe and supportive environment.

We recently concluded the term with our Week of Worship and what a spiritually high week it was. We will continue to put Christ at the centre of everything we do at Carlisle. It was encouraging to see students throughout the term decide that they wanted to know more about Jesus.

As we go into the holiday break, I once again thank you all for making our school community the great place that it is. We cannot achieve our purpose without our students, families, and staff and I am truly grateful for each of you. I pray that each of you will enjoy a safe and well-deserved break, creating memories and experiences with your families. I look forward to seeing everyone on the other side of the break, ready for the journey and experiences that Term 3 will bring. Together we can achieve great things.

Blessings

Term 3 begins

THE LEADERSHIP TEAM WELCOMES HUNTER BREWSTER

Hunter Brewster/School Captain

Tayissa Moore/School Captain

Connor Martinez/Vice Captain

Shea Carolan/Vice Captain

On Monday June 6th the school Leadership Team was finalised with the addition of Hunter Brewster voted in as Secondary School Captain. Hunter has begun his role alongside his fellow peers in the Leadership team. The growth within the Senior students mindset has been quite remarkable to witness this year. Ever since the Year 11 & 12 camp at Avondale University students have returned to school with an appetite to lead by example and a sense of ownership over their futures.

It's our desire at Carlisle that all student leaders will be given an opportunity to embrace their role and grow within their leadership role. This was also a reason why the school implemented the John Maxwell Leadership Program. Our leaders have decided that they would like to teach the school about the "Carlisle's Way" acronym for the remainder of the year in order for students to know what we stand for.

At a recent assembly they started with 'C' (Clean and Tidy). Students were encouraged to pick up their rubbish in the playground and classroom. The Year 3 class went above and beyond and led the way in keeping our school clean. A major thanks to all our student leaders and student population for getting on board with our school values.

YEAR 1 PARTNERS WITH YEAR 6 FOR THE LOVE OF READING"

The Year 1 and 6 class have joined forces in a new initiative to help students become better readers and grow an appreciation for reading. The students are maximising the beautiful open spaces of our new Indigenous Garden area and putting "Circle Time" to productive use.

Today marked their first meeting, but both teachers agree there are merits with continuing to meet in the future. The older children can learn to slow down and express themselves to our younger learners, whilst the young learners can be guided in their reading and have older peers to look up to.

It's great to see students mentoring each other in this space and a big thumbs up to our teachers for collaborating and bringing their learning programs together.

Sue Bobongie/ Year 1 Teacher

Mikaela Cottingham/Year 6 Teacher

YEAR 5 SCIENCE

This term the Year 5 class have been learning about chemical reactions and how these can be used as fuel to create movement. We learned that when we mix bicarbonate soda and vinegar, a gas called carbon dioxide is created. We wanted to use this gas, CO₂, as fuel to run the boats we made from plastic bottles and other recycled items we had collected. Here are some accounts of what happened:

“It went forward and it took a while to move and I think we had too many straws. The chemical reaction was that it fizzed up and the CO₂ made the boat go forward.” Toby

“The first time we tried to launch it, it failed and we realised that we did not have the desired amount of CO₂ gas, so we increased the amount of bicarbonate soda and vinegar.” Jackson

“It took a couple of seconds to move, but it still didn’t move very well. It’s because the straws were blocked. Some were blocked because the hot glue was squishing them.” Annika

A short video clip of some students testing their CO₂ boat can be seen by clicking on the link below.

LET'S GET SILLY AND COMFY ON OUR LAST DAY OF TERM 2

Things can get a little busy during the school term, but let's all agree to make our lives that little bit easier and come to school in our Pyjamas on Wednesday 22nd June. This will be our final day of Term together. Students can bring a gold coin donation on the day to support our Year 12 End of Year Service Trip.

PAJAMA DAY! WEDNESDAY 22ND JUNE

Please bring
a gold coin
donation!

Support the
Year 12's!

Wear your
pajamas to
school!

Donations will be
collected during
first period

Please make sure to wear school
appropriate pajamas, including
enclosed shoes!

CARLISLE'S WAY AWARDS

Community

Christ-Centred

Thriving

Charlie St John: For always striving to do his best and for always working quietly, both on the mat and at his desk.

Ruth Polley: For being an enthusiastic learner and always striving to do her best. She is respectful of God and her fellow students. Ruth is always on time and dressed in the correct uniform.

Tayla Skinner: Looking to lift others up, loving and respectful of God and a good host.

Mufaro Mufudza: For all the extra effort you have been putting into your learning.

Emmanuel Adeniyi: For being a persistent quiet worker. Respectful and striving to do his best.

CARLISLE'S WAY AWARDS

Community ↔ Christ-Centred ↔ Thriving

Peyton Stubbs: Always being respectful towards others, strives to do her best and wears her uniform with pride.

Samuel Poots: For always being respectful towards others and looking to lift others up. You exemplify the Carlisle Way.

Sienna Norris: You are always keen and a conscientious student who always puts in your best effort.

Hunter Brewster: Always looking to lift others up and keeping our school clean and tidy.

OSHC VACATION CARE

Fiona Gibbs/ OSHC Coordinator & Vacation Care Supervisor

Vacation care will begin on Thursday 23rd June, a day after Term 2 ends. We have extended the hours so Vacation Care now operates from 6.30am – 6.00pm. Below is a copy of the Program/Activities, please click on the [enrolment form](#) for any parents wishing to access this service. Once you have filled in the form you can electronically save it and email it to fgibbs@carlisle.qld.edu.au or print it out and return to reception. An email was also sent out on Friday 17th June to parents.

GUIDANCE COUNSELLOR

(Jodie Peet and other Carlisle staff recently competed in a Corporate Team's Triathlon. Here's her recount of how the day unfolded)

Mrs Jodie Peet/
Guidance Counsellor

Unofficially, none of us was overly excited to wake up in the dark to get into our activewear – but we were committed to turning up for colleagues and teammates and giving it all we had. For some, it was a McDonald's drive-thru breaky that would sustain them through the race, and for others a banana and Up 'n Go. We all had a little anticipation and adrenalin to kick-start us for the Mackay Triathlon Club Corporate Teams Triathlon.

As Kym Abell and Hunter Peet had their timing chips secured in place and number transfers stuck on, Bev Norman and I set up our bikes in transition with great positioning at the end of a row for easy racking. Kathryn Curtin and Anneli McBride took it all in their stride planning where their run exit was and most importantly locating the finish line chute.

Hunter and Kym went off in the first waves of the event – driving into the amazingly warm water at the Mackay Aquatic and Recreation Centre, while the support crew timed their encouraging cheers when the swimmers turned to take a breath. Bev was first at the ready for Hunter who absolutely legged it from the pool to transition, giving Bev a good position to get out onto the road for the bike leg. Kym soon followed with joy across her face after a great swim and with a swift timing chip changeover, I was out on the bike leg, determined to chase Bev.

During the race briefing, there was mention of a rail crossing on the bike leg – this would prove interesting! However, there wasn't just one but three! And, of course, our athletes chose to race the longest course possible. That meant double the work and made for six nail-biting crossings! On the last lap I called to Bev to "bring it home" and we both finished strong to see Kathryn and Anneli make a meal of the run leg!

The run was warm, with no water at the halfway mark but the ladies adjusted and paced themselves perfectly with effortless style as they both did their final lap around the athletics track. Kym and I joined Kathryn on the track, excited to bring home the first Carlisle Crew team and Anneli was close behind with Bev and Hunter joining her to run through the finish chute too!

Both teams got a podium mention for finishing third in the all-female team's category, and the mixed team's category. Well done Carlisle Crew – we have an awesome staff community and there's already been talk of training for next year's event!

OUR CARLISLE TALENT

We would like to wish our very own, Jordan Hollywood from Year 7 all the best as he prepares to do battle at the U14 QLD State Basketball Championships during the school holidays. Jordan and his team will travel to Brisbane to compete in the Championships.

Jordan recently played in the U14 Mackay Meteors side, defeating teams from Cairns and Townsville along the way to claiming a perfect 4-0 record. This result also places his team 1st in the NQJBC Championships.

We pray that Jordan and his team will have a safe journey to Brisbane and we wish him a successful campaign. Continue to play the game with love and respect Jordan.

We would also like to offer our prayers and best wishes to Monique Bobongie as she departs for Jordan with the Australian U17 Sapphires team these school holidays.

The team will take part in the Asia Cup event from the 24th-30th of June and if they qualify for the FIBA World Cup, Monique will head straight for Hungary to compete in the World Cup from the 9th-17th of July.

We will be watching from afar with great interest. Do yourself and your Country proud Monique. Your Carlisle family will be there in spirit.

OUR CARLISLE TALENT

We also wish Sonny Morse all the best as he fine-tunes his preparations for the Cross Country State Titles. All up, 64 talented runners across the State will be aiming to secure a coveted spot in the Nationals over the holiday break.

Sonny will be competing in the 3km U11 boys event and some relay events. He has previously made the National team and will be hoping for a repeat effort.

As a school community we are proud of the commitment and passion that Sonny shows towards his running. We pray that Sonny has safe travels and, regardless of the result, it's great to see Sonny actively pursuing what he loves. All the best Sonny!!

LET US CELEBRATE YOUR CHILD!!!

We know that being a student at Carlisle Adventist College is an important facet of your child's life, and we also know that many students have interests, skills and talents away from school life. That is why we are calling on parents to share your child's accomplishments with us.

Whether your child is an aspiring athlete, a talented musician, a dance sensation, or just won a Noble Prize we think they're pretty special too and we would love to celebrate their success with you.

Please feel free to email and send photos to our Communications Officer at smillien@carlisle.qld.edu.au and we'll be sure to let the whole school community know how awesome your little one is.

HAYDEN WISEMAN

WOODLANDS DISTRICT PARK PLAYGROUND TO BE FAST-TRACKED

A new inclusive all-abilities playground is set to be built as part of stage one of the Woodlands District Park project.

The playground, which was initially planned to be constructed as part of stage three, has been brought forward thanks to a \$1.5 million commitment from council. Council’s funding is in addition to about \$2 million, which has been contributed by the Queensland Government’s Works for Queensland program.

The 21-hectare site will cater to Andergrove, Beaconsfield and Kerrisdale communities and will include an adult changing facility for the disabled community. The upgraded park includes the ‘Woodlands Track’ which will be suitable for all ages and every type of wheeled device – bicycles, skateboards, scooters, roller blades and skates, as well as running.

Civil works to improve drainage, a new path network and lighting will begin mid-year, with construction of the playground and ‘Woodlands Track’ during the 2022-2023 financial year, weather permitting.

Stage one will include:

- A new all-abilities playground
- Multipurpose ‘WoodlandsTrack’
- New barbecue and picnic facilities
- Public amenities and adult changing facilities for the disabled community
- Improvements to the park’s entry along Broomdykes Drive
 - Additional pathways with a new cross-park connection
 - Drainage and landscaping improvements

This project is proudly funded by the Queensland Government’s Works for Queensland Program in association with Mackay Regional Council.

View the master plan and subscribe to the project’s update emails at www.connectingmackay.com.au/woodlands

Junior Touch Football 2022

Season Information - Season 2, 2022

Starts : 22nd July Nominations close 12th July

WINTER HOLIDAY ENGINEERING, ROBOTICS & ELECTRONICS 2 DAY CAMP WONDER KIDZ

CQUniversity Campus Ooralea

Tuesday 28th June to Wednesday 29th June 2022

Eligibility	Date	Time	Fee	No. of Days	Book online*
Yr 1 - 6	28 June - 29 June	9:00am to 3:00pm	\$173	2	www.trybooking.com/CAAUE

* Always consult the booking link for any changes. Every effort is made to ensure this brochure is accurate but all changes are reflected online.

From Sustainable farming to self-driving cars, **Advanced Engineering & Robotics** model a range of real-world situations that teach students a complete understanding of how the technology works and used to solve the issue at hand. The engineering lessons engage kids with a hands-on learning environment and immerse them in the applications and possibilities of modern technologies. Through PBL (Project-based learning), students combine hardware, Lego® compatible building blocks, and coding to create a prototype and solve real-world problems. The projects are redesigned to encourage students to invent other viable solutions to these real-world issues and explore ways to utilize existing technology. The completion of these projects will boost confidence and create problem solving ability in students to overcome any challenge from working in their future jobs to solving our world's current or future problems. **All activities are adjusted to the student age and we tackle different challenges on each day.**

Limited spots available!

Engineering & Robotics Program provides theoretical knowledge in software and mechanical engineering combined with mathematics and physics.

Electronics: Our electronic kits are specifically designed to minimise assembly time which creates more opportunity to explore the learning's behind how each experiment works. Learn to build circuits in the classroom.

Build-Up Program is designed for little children where they start from learning the basics of building Lego Models including improving them and end up building models independently with a friend and enjoying group game.
